

07 Honda

Accord Sedan/Hybrid

Indulge yourself in the available leather trim.

V-6 models have Vehicle Stability Assist™ (VSA).

Stir things up in your V-6 with a 6-speed stick.

Legions of owners are fiercely loyal to their Accords. What's the secret ingredient?

Accord EX-L V-6 Sedan shown in Graphite Pearl.

Accord EX-L V-6 Sedan shown in Graphite Pearl.

Accord EX-L V-6 6-speed Sedan shown in Carbon Bronze Pearl.

No matter why you drive, a Honda Accord is sure to make it more fun. That's because our engineers count it among the requirements for every vehicle we make. You may already know that legendary Honda dependability and exceptional craftsmanship are designed in. And that our strong safety ratings are certainly no accident. What our drivers know is that the human need to have a good time is at the heart of every Accord.

Driving an Accord can
make any day better.

Accord EX-L V-6 Sedan shown in Graphite Pearl.

The 4-valve design makes the flow really go.

Every Accord gets the VTEC treatment.

Variable valve timing and lift electronic control (VTEC) helps spread the power across the rpm range. The i-VTEC system on 4-cylinder engines adds refinement with intake Variable Timing Control™ (VTC™).

Power is a good thing, so every Accord comes with plenty. The 2.4-liter i-VTEC® 4-cylinder puts out 166 hp, and the 3.0-liter VTEC® V-6 supplies 244 horses—all with excellent Honda fuel efficiency.¹ All models feature a Drive-by-Wire™ throttle system to refine response, and the Maintenance Minder™ tells you when it's time for service.

A 5-speed manual transmission and an available 5-speed automatic are your choices for 2.4-liter Accords. In addition to the 5-speed automatic for V-6 models, you can also go with a 6-speed stick.

The Accord's fun-to-drive handling is a product of this car's elegant double wishbone suspension with five-link rear setup. Front and rear stabilizer bars (front only on VP) make for quick cornering. Sharply honed power rack-and-pinion steering puts you in control, and on most models, 4-wheel disc brakes help ensure smooth, confident stops.

Accord EX-L V-6 6-speed Sedan shown in Carbon Bronze Pearl.

Unique 17" wheels are standard on the 6-speed.

Clearly displaying its sporting nature, the Accord EX-L V-6 6-speed Sedan comes with handsome 5-spoke 17" alloy wheels. And its six closely spaced ratios let you make the most of that big V-6 torque.

The Accord's smartly styled interior is just as accommodating as ever in the V-6 6-speed model. But to impart an even sportier feel inside, the cockpit is fitted with carbon fiber-look trim.

Embrace total indulgence.

Was it made just for you? Accord drivers tend to feel that way. Controls fall easily to hand, including the steering wheel-mounted buttons on all models. All Accords come with a remote entry system. And leather-trimmed models give you heated front seats and automatic climate control to enhance your experience as well.

Accord EX-L V-6 Sedan interior shown in Black Leather with available Honda Satellite-Linked Navigation System.^{TM3}

Select models offer XM[®] Satellite Radio with over 170 digital channels,² including 69 channels of commercial-free music, on top of the AM, FM and CDs you get to enjoy in all Accords.

Most Accords offer 120 watts of pure sound, and on select models, a 6-disc in-dash CD changer.

There's a place for everything in your Accord.

Accord EX-L V-6 Sedan interior shown in Black Leather with available Honda Satellite-Linked Navigation System.²

Your world—at your fingertips.

You'll know where you're going—even if you've never been there before—with the Accord's available Honda Satellite-Linked Navigation System.² It uses GPS satellites, a huge DVD database, voice prompts and a moving map display to guide you to your destination.* And you can operate it, and much more, just by speaking your mind.

*Some roads unverified. See the navigation system owner's manual for more details on coverage.

It can provide turn-by-turn directions.

You get many options for using the system.

The Accord navigation system² features an 8.0-gigabyte DVD database of maps for the contiguous United States.* Plus, it has information on more than 7,000,000 points of interest, like gas stations and restaurants by cuisine. You can even see their Zagat Survey[®] reviews and ratings before you get there. The system's large 7-inch touch screen, integrated joystick and moving map display make it easy to find just what you're looking for.

The map zooms in on important intersections.

Accord Hybrid: Help clear the air even quicker.

Yes, hybrids are all about fuel economy and ultra-low emissions. But with the 2007 Accord Hybrid, it's also about scintillating high performance. Because along with its very clean emissions rating,⁵ this Hybrid puts 253 horsepower to work making your driving a lot more enjoyable. Leave it to Honda to make social responsibility fun.

Accord Hybrid shown in Silver Frost Metallic.

Here's the lowdown on hybrid technology.

What exactly is a hybrid powertrain? Hybrid technology teams a gasoline engine with the added boost of an integrated electric motor. We call it the Integrated Motor Assist (IMA™) System. In the Accord Hybrid, IMA gives the highly efficient and powerful V-6 gas engine even more fuel efficiency⁴ and get-up-and-go when needed. And it drives just like a regular Accord.

I never have to plug it in, right? Indeed, there's not even a plug to plug in. So you just drive the Accord Hybrid like you would any car. The electric part of the IMA System is completely self-contained and self-sufficient. Thanks to their clever design, the powertrain and braking systems recharge the batteries by recapturing kinetic energy when the car is slowing down or braking.

Is there anything special I have to do? You'll probably take special delight in driving a car that's both exhilarating and efficient. You'll have to stop less often for gas, and accept the special distinction of driving an Advanced Technology Partial Zero-Emission Vehicle (AT-PZEV)⁵—which meets the most stringent standard achieved by a gasoline-fueled car. Otherwise, just remember to take your Accord Hybrid to your Honda dealer for expert hybrid-vehicle service.

The Accord Hybrid features many sophisticated materials and technologies. The magnesium head covers and intake manifold on the engine—along with the aluminum hood—help reduce weight. Electric Power Steering (EPS) increases efficiency while enhancing response. A unique hybrid air-conditioning system uses an electric compressor when the engine's idle-stop feature is engaged to keep passengers comfortable. Even the alloy wheels optimize aerodynamics.

Starting

The IMA System's electric power aids the engine's horsepower for a brisk takeoff. IMA is normally used to start the engine, but there's also a backup 12-volt battery and starter if the IMA System batteries are low.

Acceleration

When you need to get up to speed or pass with authority, you have all the power of the V-6 engine plus the added boost of the electric motor. They combine to put 253 hp to the task of moving you forward quickly.

Cruising

When you maintain steady speeds and light engine loads, Variable Cylinder Management (VCM) is silently activated. It works to boost mileage and range on the highway, while IMA extends efficiency around town.

Braking

When slowing, the IMA System's electric motor becomes a generator. It recharges the batteries by recapturing kinetic energy with the help of an electronically controlled transmission tuned to maximize recharging.

At a Stop

Come up to a stoplight, and the idle-stop feature shuts down the gasoline engine to reduce fuel use and emissions. Then step on the accelerator, and combined gas and electric power provide instant propulsion.

1 **Big voltage, small package.**

Behind the rear seat of the Accord Hybrid resides its high-efficiency battery pack. Its nickel-metal hydride (Ni-MH) composition is designed for the rigorous duties of a hybrid vehicle. And thanks to its slim profile, there's still plenty of cargo room in the trunk. The battery system even incorporates air cooling to enhance its longevity—which is further assured by an 8-year/ 80,000-mile limited battery warranty.⁵

2 **It's no ordinary gearbox.**

The Accord Hybrid comes equipped with a specially designed, compact 5-speed automatic transmission. This electronically controlled gearbox is programmed to downshift early when slowing, so the higher engine rpms enhance regenerative braking to help recharge the IMA System's batteries.⁶

3 **Electrons are powerful friends.**

Mated to the Accord Hybrid's V-6 is an ultra-thin, brushless DC electric motor. It provides additional horsepower and torque during acceleration. In fact, 90% of peak torque is available at a low 1,000 rpm for impressive response off the line and at lower road speeds.

4 **Two engines in one.**

The exceptionally innovative 3.0-liter V-6 engine features Honda's advanced Variable Cylinder Management™ (VCM™) technology. When cruising, VCM turns off three of the engine's six cylinders by pausing their fuel injection and keeping the intake and exhaust valves closed. The reduced displacement helps enhance mileage and range. Accelerate, and VCM re-engages the cylinders smoothly and instantly.

Funny, it doesn't feel like a model of efficiency.

You don't have to tell anyone, but the Accord Hybrid is actually a luxury car that just happens to be easier on the environment.⁵ Comforts and conveniences include supple leather trim and an 8-way power driver's seat. An automatic climate control system maintains your desired air quality quietly and efficiently. The remote entry system makes for quick and easy entries and exits. And there's also a power moonroof to bring sunny skies or starry nights inside with you. Being green never felt better.

Accord Hybrid shown in Graphite Pearl.

We believe in Safety for Everyone.

The Accord's energy-absorbing crush zones and passenger safety cell help keep occupants protected—and helped Accord earn a 5-star frontal crash-test rating from the National Highway Traffic Safety Administration (NHTSA).^{*} In fact, several Honda models have earned 5-star crash-test ratings,^{*} the highest possible.

All five passengers benefit from 3-point seat belts. The front belts are equipped with pretensioners that automatically tighten in the event of a moderate-to-severe impact. Outboard rear seats have the LATCH (Lower Anchors and Tethers for Children) child-restraint system.

Honda's philosophy of **Safety for Everyone** results in advanced safety technologies in our vehicles. Every Accord has Daytime Running Lights (DRL), ABS and front, front side and side curtain airbags. And V-6 models have Vehicle Stability Assist (VSA), too. This innovative system senses oversteer and understeer, and can brake individual wheels and/or reduce engine power to help restore the intended course.

Accord Occupant Position Detection System (OPDS) is designed to prevent deployment of the front passenger's side airbag if a child or small-statured adult is in its deployment path.

Accord won a 5-star frontal crash-test rating.*

Traction control helps reduce slip in the slop.

The Accord's dual-stage, dual-threshold front airbags[†] inflate at one of two rates and thresholds, based on the severity of impact and seat-belt use. Front side and side curtain airbags are designed to deploy in a sufficient side impact to help prevent or minimize occupant injuries.

While stopping hard, the standard ABS helps you maintain steering—especially on slippery surfaces. And the Electronic Brake Distribution (EBD) on most models helps balance dynamic loading.

The best policy is to steer around trouble.

V-6 Accords have traction control. A function of VSA, it helps prevent wheel slippage during acceleration. And the Brake Assist on V-6 models is designed to help during emergency braking.

*National Highway Traffic Safety Administration frontal crash test. Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA) New Car Assessment Program (NCAP), found at Safercar.gov.
[†]Honda reminds you and your passengers to always buckle up. Children 12 and under are safest when properly restrained in the rear seat.

For a high-tech firm, we're pretty down to earth.

Soichiro Honda founded the Honda Motor Co. in 1948 to help people get around with affordable, dependable transportation. Within a few short years, Honda was one of the world's preeminent motorcycle manufacturers—just the first of our many successes.

All along, our guiding principle has been to listen to people and understand their needs. So we design and build our products in the markets where they're used. We place great importance on safety engineering, being friendlier to the environment and instilling strong values. We never forget that driving should be fun. And we believe that the power of ingenious thinking can make great things possible.

Honda innovation runs deep and wide.

Meet ASIMO™, the world's most advanced humanoid robot. This extraordinary original technology could one day help improve the lives of many people who have limited physical abilities.

And true to Honda's challenging spirit, our HondaJet™ delivers real innovation in aviation. This very fast and fuel-efficient aircraft is unusually spacious inside as well—like all Honda vehicles.

Environmentology

Honda's legacy of innovation is unmatched in the industry. We've long acted on our spirited commitment to the environment, with world-changing advances in fuel economy, low emissions and leading-edge hybrids. Today, a Southern California family is already driving a limited-production Honda FCX hydrogen fuel-cell car in the Los Angeles area on a daily basis. It's all part of Honda's Environmentology™.

Safety engineering meets reality here.

Every Honda is a model of smart value, thanks to timeless design, loads of standard features, legendary reliability and extended maintenance intervals. For proof, check out our Best Resale Value awards from *Kelley Blue Book*®, our eight 2006 Best Overall Value of the Year awards from *IntelliChoice*® and—for the third year in a row—the Industry Brand Residual Value Award from *Automotive Lease Guide*®.

"A company is most clearly defined neither by its people nor by its history, but by its products. Our products will speak the truth about Honda."

Soichiro Honda, Founder, Honda Motor Co., Ltd.

Honda's assembled cars here since 1982. Nearly 4 out of 5 Hondas sold in the U.S. today are assembled in North America—with over 530 U.S. supplier's help. And many models are designed and engineered here.

Generators, outboards, lawnmowers, personal watercraft, cars, trucks, motorcycles, ATVs and more add up to Honda's being the world's largest engine maker.

278,000 American associates pitch in.

Racing makes for quicker engineers.

Gold Wing owns the open road.

Our advanced safety research facilities play a critical role in the evolution of our automotive **Safety for Everyone** effort. Through a comprehensive and evolving approach to vehicle safety, Honda seeks to provide a high level of occupant and pedestrian protection in all of our cars and trucks, regardless of size or price, as well as increased crash compatibility with other vehicles.

Racing improves our products—and our engineers' ability to innovate. For the 2006 season, Honda is proud to be the single engine supplier to the IndyCar® Series, featuring the Indianapolis 500®

Accord SE V-6

Accord EX-L V-6 6-Speed

Accord Hybrid

When it comes to choosing the best Accord, you just can't miss. Every Accord model has what it takes to make you happy to be a driver. And the experts feel it, too. *Car and Driver* magazine placed Accord on its 2006 "10Best" Cars list—the 20th time in 24 years—citing its "...excellent road manners, first-rate ergonomics, exemplary reliability, quality construction, high resale values, and a strong element of fun-to-drive..."¹⁰ So which Accord wins your vote?

Accord EX-L V-6

Accord Hybrid

Adds to or replaces EX-L V-6 features:

- 253-hp, 3.0-liter i-VTEC V-6 engine with Integrated Motor Assist (IMA)
- Variable Cylinder Management (VCM)
- Compact 5-speed automatic transmission
- Dual-zone hybrid automatic climate control system
- Exclusive front chin spoiler, rear diffuser, rear spoiler and brakelights
- Aerodynamic 16-inch alloy wheels
- Side mirrors with integrated turn indicators
- Exclusive IMA charge/assist display
- Advanced Technology Partial Zero-Emission Vehicle (AT-PZEV)⁹ emissions rating

Accord Value Package Sedan

- 166-hp, 2.4-liter i-VTEC 4-cylinder engine
- Drive-by-Wire throttle system
- 5-speed manual transmission
- Available 5-speed automatic transmission
- 4-wheel double wishbone suspension
- Front, front side and side curtain airbags
- Remote entry system
- Anti-lock braking system (ABS)
- Daytime Running Lights (DRL)
- Tilt and telescopic steering column
- Air conditioning with air-filtration system
- Illuminated steering wheel-mounted cruise controls

Accord LX Sedan

All Value Package features plus:

- 120-watt AM/FM/CD audio system with 6 speakers
- Power side mirrors
- Variable intermittent windshield wipers

Special Edition (SE) Sedan adds:

- 6-disc in-dash CD changer
- 16-inch alloy wheels
- Steering wheel-mounted audio controls
- Carbon fiber-look interior accents
- 4-wheel disc brakes
- Electronic Brake Distribution (EBD)

Accord EX Sedan

Adds to or replaces Special Edition features:

- Power moonroof with tilt feature
- Heated side mirrors
- Premium interior accents
- Security system

Accord EX-L Sedan

Adds to or replaces EX Sedan features:

- Leather-trimmed interior with heated front seats, 8-way power driver's seat, dual-zone automatic climate control system and XM Satellite Radio²
- Available Honda Satellite-Linked Navigation System³ with Voice Recognition

Accord SE V-6 Sedan

Adds to or replaces Special Edition features:

- 244-hp, 3.0-liter VTEC V-6 engine
- 5-speed automatic transmission
- Vehicle Stability Assist (VSA) with traction control
- Brake Assist
- 17-inch alloy wheels
- Interior accents

Accord LX V-6 Sedan

Adds to or replaces SE V-6 features:

- Power moonroof with tilt feature
- Driver's seat with 8-way power adjustment
- Heated side mirrors

Accord EX-L V-6 Sedan

Adds to or replaces LX V-6 features:

- Leather-trimmed interior
- Heated front seats
- Dual-zone automatic climate control system
- XM Satellite Radio²
- HomeLink[®] remote system¹¹
- Available Honda Satellite-Linked Navigation System³ with Voice Recognition

Accord EX-L V-6 6-Speed Sedan

Adds to or replaces EX-L V-6 features:

- Close-ratio 6-speed manual transmission
- Carbon fiber-look interior accents
- 180-watt AM/FM/6-disc in-dash CD premium audio system
- Exclusive 17-inch alloy wheels

2007 Accord Hybrid | Specifications and Features

Engineering	Hybrid
Engine Type	V-6
Engine Block/Cylinder Head	Aluminum-Alloy
Displacement (cc)	2997
Horsepower @ rpm (SAE net, Rev 8/04)*	253 @ 6000
Torque (lb.-ft. @ rpm)*	232 @ 5000
Compression Ratio	10.5:1
Valve Train	24-Valve SOHC i-VTEC®
Multi-Point Fuel Injection	•
Drive-by-Wire™ Throttle System	•
Idle-Stop Feature	•
Variable Cylinder Management™ (VCMT)	•
Active Control Engine Mount System (ACM)	•
Active Noise Cancellation™ (ANC)	•
CARB Emissions Rating	AT-P2EV5
Direct Ignition System with Immobilizer	•
100,000-Miles-or-More Tune-Up Interval†	•
Transmission	
Compact 5-Speed Automatic Transmission	•
Electric Motor/Generator	
Permanent Magnet Motor	•
Motor Width (mm)	68
Electric Power Storage	
Nickel-Metal Hydride (Ni-MH) Battery	•
Output	13.8 kW
Rated Capacity	6.0 Ah
Body/Suspension/Chassis	
Unit-Body Construction	•
Double Wishbone Front Suspension	•
Five-Link Double Wishbone Rear Suspension	•
Stabilizer Bar (mm, front/rear)	25.4/14.0
Electric Power-Assisted Rack-and-Pinion Steering (EPS)	•
Steering Wheel Turns, Lock-to-Lock	3.17
Steering Ratio	16.25
Turning Diameter, Curb-to-Curb (ft.)	36.1
Power-Assisted Ventilated Front Disc/Solid Rear Disc Brakes	•
Wheels	16" Lightweight Alloy
All-Season Tires	P215/60 R16 94V
Interior Measurements	
Headroom (in., front/rear)	38.3/36.8
Legroom (in., front/rear)	42.6/36.8
Shoulder Room (in., front/rear)	56.9/56.1
Hiproom (in., front/rear)	54.6/53.5
Cargo Volume (cu. ft.)	11.2
Passenger Volume (cu. ft.)	97.7
Seating Capacity	5
Exterior Measurements	
Wheelbase (in.)	107.9
Length (in.)	191.1
Height (in.)	57.3
Width (in.)	71.6
Track (in., front/rear)	61.1/61.2
Curb Weight (lbs.)	3605
EPA Mileage Estimates/Capacities	
5-Speed Automatic Transmission (City/Highway)	28/351
Crankcase (qt.)	5.3
Coolant System (qt.)	8.9
Fuel (gal.)	17.1
Required Fuel	Regular Unleaded
Audio System	
120-Watt AM/FM/6-Disc In-Dash CD Changer Audio System	with 6 Speakers
XM® Satellite Radio‡	•

Safety	Hybrid

Sport Package

The EX Sport Package is an easy way to spice up your new Accord. Installed by your dealer, the package adds a rear wing spoiler, fog lights and an automatic day/night rearview mirror.

Convenience Package

The dealer-installed LX Convenience Package can quickly enhance your new Accord Sedan, adding sporty alloy wheels, wheel locks, splash guards and a cargo tray for extra versatility.

Accord EX-L V-6 Sedan shown in Graphite Pearl.

Your dealer's team of trained technicians is at the ready to help keep your Honda in superb shape. All 2006 Honda vehicles—and any Genuine Honda Accessories installed at the time of purchase—are covered by the 3-year/36,000-mile New-Vehicle Limited Warranty.⁶ Plus, Honda cars and trucks are covered by a 5-year/60,000-mile Limited Powertrain Warranty, too.

For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

HONDA

Financial Services

Whether you buy or lease a Honda vehicle, Honda Financial Services can assist you with the process. Please ask your dealer which lease or purchase plan best suits your needs.

HONDA

Care

Honda Care™ is a highly affordable, comprehensive vehicle and travel protection plan backed by Honda reliability, service and parts. Please see your dealer for all the details.
